## *unprinted works*

One year after Henri Pousseur's death (6th March 2009) it's time to make all his works available. Until today most of his compositions were available only on hire. Now the Italian publisher Edizioni Suvini Zerboni will give the opportunity to the world of music to buy the scores of these compositions (the performance materials will be available on hire only, according to the contracts signed between the composer and the publisher). The edition of Henri Pousseur's unprinted works will contain 40 volumes and will be finished within four years.

All scores are hardbound in large format (46 cm). Most of the scores will be holograph reproductions of the original manuscript by Maestro Pousseur.

Each orchestral score will cost Euro 250.00; a discount of 20% will be given for subscriptions received before 31<sup>st</sup> of July 2010.
